ALLURE SHUTTER RANGE

VERSATILITY

Allure Shutters are used as either window or door coverings, as well as room dividers or to enclose patios or terraces. They can be opened or closed completely, with the louvres adjusted according to personal preference.

ELEGANCE

Allure Shutters add elegance and value to any home as they enhance the entire feeling of space. They can create the illusion of a larger opening and can be used with absolute confidence in any setting, blending effortlessly with both modern and antique designs.

SUN PROTECTION/INSULATION

In any climate, Allure Shutters provide protection from the elements including the sun's heat and glare, insulating rooms from the cold by providing an extra layer of warmth and protection. The louvres can be adjusted for air flow as required.

PRIVACY

Allure Shutters provide privacy from the outside world, yet still allows the light and airflow through the adjustable louvres. These can be angled up or down.

CONTROL

Allure Shutters allow you to control the amount of light or privacy you require.
